Register As New User

Username (required)

Full Name (required)

Email Address (required)

Password (required)

Verify Password (required)

Type the letters appearing in the picture.

You will receive an email to confirm your email address. Follow the link in the email to activate your account. I will get an email once your account is activated so I can add you to the Petsmart user group. Once you are added to the Petsmart user group you will be able to add pictures to a cart and download the originals or send them to a print house. You will also be able to create sub-albums to upload your photos from graduation. I will email you after I have added you to the group.

Now you can login

Now that you're in, click on the picture of Katie, that will take you into the PetSmart album.

The screenshot shows a gallery interface. On the left, there is a sidebar with a search bar, 'Advanced Search', 'Mount with WebDAV', 'RSS Feed for this Album', and a 'Random Image' section showing a dog in front of a 'pet training' sign. The main area is titled 'Gallery' and contains two album cards. A red arrow points from the top of the page to the first photo in the 'Album: Pet Smart Graduation' card.

In the album you can do many things:

- (1) You can click on a picture
- (2) Add to cart
- (3) Add album, this will create an album so you can upload your pictures of the graduation.
  - a. More on Add Album later

The screenshot shows the 'Pet Smart Graduation' album page. A sidebar on the left contains navigation options like 'Add Album', 'Add Album To Cart', 'Mount with WebDAV', 'View Slideshow', and 'View Slideshow (Fullscreen)'. The main area displays a grid of photos from the album. Three red arrows with numbers (1), (2), and (3) point to specific elements: (1) points to a photo, (2) points to an 'Add Photo To Cart' button, and (3) points to the 'Advanced Search' link in the sidebar.

2. Pet Smart...

Random Image

If you click on the picture you will get a larger one to look at. You can also add the picture to the cart from there. On this page you'll also find a variety of data about the picture.

Once you put a photo in the cart you'll be taken to the cart (see below). To get back to the album click on the Petsmart Graduation link (1). Once done adding pics to the cart you can choose several web print houses to send the pics to or you can select Download in Zip. Download in Zip (2) will zip all the pictures in the cart and once you click Go will prompt you to download it.

Last but not least, adding an album and uploading pictures. The album you create will appear inside of the Petsmart Graduation album.

**Add Sub-Album**

**Name (required)**  
The name of this album on your hard disk. It must be unique in this album. Only use alphanumeric characters, underscores or dashes. You will be able to rename it later.  
/Pet\_Smart/ [ ] Please use your dog's name here

**Title**  
This is the album title.

**Description**  
This is the long description of the album.  
[ B i list bullet url image color ]  
[ ]

**Create**

Please use your and your dog's name here. The rest you can leave blank.

Scroll to the bottom and click create  
On the next screen that opens scroll to the bottom and click save

Now for the uploading part click on Add Items. There are lots of options. If you only have a few images to upload you can use From Web Browser (1), it allows you to upload two images at a time. If you have a lot, I would suggest the Upload Applet (2) (requires java). Just drag and drop the pictures. If you get a warning pop up box just click OK. Then click Upload (3). If some of them fail to upload they will be left in the queue. Click done to close the upload status box and just click Upload (3) again.
